Item No. 1 - Report on Kerala Institutional Ranking Framework (KIRF) 2024.
It was resolved to approve the Report on Kerala Institutional Ranking Framework (KIRF) 2024.

KIRF RANKING 2024
KERALA INSTITUTIONAL RANKING FRAMEWORK (KIRF)

Kerala Institutional Ranking Framework (KIRF) is a methodology adopted by the Kerala State Higher Education Council, Department of Higher Education, Govt. of Kerala to rank the higher education institutions in the state. The framework was launched on May 3rd, 2023 by Dr. R Bindu, Minister for Higher Education and Social Justice at C.V Raman Hall, Clif, University of Kerala, Kariavattom. The portal was opened for uploading institutional data from July 5th, 2023 and the first edition of KIRF was closed on May 10th, 2024. Based on the NIRF model, Kerala Institutional Ranking Framework has been developed. KIRF ranks educational institutions under 13 categories such as Overall, Universities, Colleges, Engineering, Management, Architecture, Medical, Dental, Pharmacy, Nursing, Law Teacher Education and Agriculture and Allied Sectors.

The educational institutions are ranked under KIRF based on the 5 metrics/parameters, which are listed below,

1. **Teaching Learning and Resources (TLR)-** TLR assess the core activities of an educational institution. This can be attained through assessing the Student Strength (SS), Faculty Student Ratio (FSR), Faculty Qualification and Experience (FQE), Online

Education (OE) Subscription to e-journals (SEJ) and Financial Resources and Utilisation (FRU).

2. **Knowledge Dissemination and Research Excellence (KDRE)-** Knowledge Dissemination and Research Excellence are pivotal components in assessing an institution's impact and reputation in the academic and professional spheres. KDRE is assessed by Research Productivity (RP), Research Impact (RI), Intellectual Property Rights (IPR) and Research Footprint and Consultancy Startups (RFCS).

3. **Graduation Outcome (GO)-** KIRF focus on Graduation Outcome with a regional perspective tailored to the specific needs and context of institutions in Kerala. The key aspects of Graduation Outcome include Metric for University Examination (GUE), Metric for Entrance Examinations (GEE-UGC/NET/JRF/CSIR/GATE/GRE) and Placement and Higher Studies (PH).

4. **Outreach and Inclusivity (OI)-** The "Outreach and Inclusivity" metric in the Kerala Institutional Ranking Framework (KIRF) evaluates how effectively institutions engage with diverse communities and ensure broad access to education. This aspect is crucial for understanding institution's commitment to social responsibility and equitable educational opportunities. Key components are Region Diversity (RD), First Generation Learners (FGL), Facilities for Differently Abled Students (FDA) and Social Inclusiveness (SI).

5. **Scientific Temper and Secular Outlook (STSO)-** reflects the commitment to fostering an environment that promotes rational thinking, evidence-based practises and its inclusivity. STSO is a qualitative metric and is assessed by evaluating Imparting Scientific Temper and Secular Outlook (STSO), Adoption of Green Technology (GT) and Accreditation and Rankings (AR).

The inclusion of state-specific parameters such as Scientific Temper, Secular Outlook (STSO), and First Generation Learners (FGL) distinguishes KIRF from NIRF, reflecting its focus on Kerala's unique educational priorities and social relevance.

Ranking Methodology

The Kerala Institutional Ranking Framework (KIRF) uses a combination of primary and secondary data to evaluate and rank institutions. Primary data, including quantitative metrics and qualitative write-ups on initiatives like *Scientific Temper, Secular Outlook,* and *Green*

Technology, were collected through an online system developed by KSHEC, while secondary data on publications, citations, and h-index were sourced from Web of Science (WoS) and Scopus. Data anomalies were identified and clarified through communication with institutions, with documentary evidence requested as needed. Research-related metrics were validated by CSIR-NIScPR, ensuring accuracy through manual verification and bibliometric analysis, while patents were assessed using the Indian Patent Advanced Search System (InPASS). Institutions' performance across indicators such as academic quality, research output, faculty credentials, infrastructure, and financial metrics were scored and weighted to calculate a composite score. Data collection was facilitated through a standardized online system that minimized errors and streamlined submissions.

The KIRF assigns different weightages to each parameter based on its relevance.
Teaching, Learning and Resources- 30%
Knowledge Dissemination and Research Excellence- 30%
Graduation Outcomes- 20%
Outreach and Inclusivity-10%
Scientific Temper and Secular Outlook-10%

In the first edition of KIRF, institutions were ranked within specific categories, including Universities, Colleges, Engineering, Nursing, Teacher Education, and Agriculture and Allied Sectors. These categories were chosen to encompass the diverse range of higher education institutions in Kerala, recognizing their unique strengths and focus areas. By scoring institutions based on comprehensive criteria, the framework provided an accurate representation of their comparative performance within each category. However, due to insufficient participation from institutions in certain fields, categories such as Management, Architecture, Medical, Dental, Pharmacy, and Law were excluded from this edition of the rankings. The lack of adequate representation in these areas prevented a fair and meaningful comparison, prompting their exclusion. This decision underscores KIRF's commitment to maintaining the integrity and reliability of the ranking process. The inclusion of only sufficiently represented categories ensures that the rankings remain credible and relevant, providing valuable insights to students, educators, and policymakers while setting a foundation for broader participation in future editions. This adaptive approach demonstrates KIRF's dedication to fostering continuous improvement and inclusivity within Kerala's higher education ecosystem.

Ranking of HEIs

In the University category, all 10 participating universities were individually ranked, providing a comprehensive evaluation of their contributions to higher education. The College category featured a detailed ranking system, with institutions ranked 1 to 100 individually, while those ranked 101 to 150 were grouped under Rank Band-I promoting a nuanced understanding of institutional performance. In the Engineering category, institutions ranked 1 to 50 were listed individually, while those ranked 51 to 65 were grouped under Rank Band-I. Similarly, in the Teacher Education category, institutions ranked 1 to 10 were individually listed, with those ranked 11 to 38 grouped under Rank Band-I. In the Nursing category, one institution achieved an individual ranking, while institutions ranked 2 to 10 were included in Rank Band-I. For the

Agriculture category, institutions ranked 1 to 5 were individually listed, and those ranked 6 to 9 were grouped under Rank Band-I. This tiered approach ensures fairness, highlights excellence, and provides institutions with benchmarks for continuous improvement across the higher education ecosystem in Kerala.
